

PLANS TO IMPROVE JAMAICA BAY ARE FULLY APPROVED

Sinking Fund Commissioners Sanction Proposition for Great Docks and Warehouses.

The Sinking Fund Commissioners today approved the plan for improvements in Jamaica Bay, which will include steamship docks, warehouses and harbors for hundreds of craft after the work is completed by the city, State and Federal authorities, after a hearing held in the Council Chamber in City Hall. Representatives of scores of organizations in Brooklyn, Queens and Manhattan and many individuals were present to give unanimous approval to the project.

A special committee from the Brooklyn League was composed of Elwin S. Piper, chairman; E. J. Rustin, Lewis M. Meeker, J. W. Haviland Jr., A. H. Watson, Nathaniel H. Goss, Nelson H. Schlesinger, Charles F. Puffin and John E. Glavin.

Other individuals and organizations present were Calvin Tonkin, Commissioner of Dock; Borough President County of Queens; John H. Ward, William R. Griffiths of Jamaica, Henry N. Meyer, President of the Jamaica Play Improvement Association; John H. Hodge, Secretary of the Manufacturers' Association; Alfred Banks of Trinity of Brooklyn; the Brooklyn Board of Trade, Chamber of Commerce; Queens Reclaimers' Bond Taxpayers' Association; Jamaica Cities Association, Bronx Park Board of Trade; South Side Citizens' Association; Flatbush Taxpayers and Van Dyke Parks Associations; Richmond Hill Board of Trade; Flushing Citizens' Association; Twenty-eighth Ward Taxpayers' Association; Grand Street Improvement Association; South Side Board of Trade; New Lots Board of Trade and a number of others.

There were 39 persons present when the hearing commenced at noon, and Col. Adolph E. Kline, Vice-President of the Board of Aldermen, arose and asked if any one opposed the improvement plan.

No one announced opposition, but a representative of the Manhattan Beach Estates inquired about the effect of the improvements on the water front of the old Manhattan Beach Hotel property. He was assured by Calvin Tonkin that his interests would be cared for and enhanced in value.

The city will have to appropriate \$1,000,000 for the initial work, but the final cost will amount to many millions more.

M'KIM, AGED 93, AN ALERT WITNESS

Testifies in Proceedings to Have William Willett Jr. Removed as His Committee.

representing Mrs. Collins, went to the sanitarium and got Mr. McKim to sign the petition.

When the case was called by Judge Humphrey's court Mr. McKim had to be helped into the room because of his infirmed condition. Daniel Whitford, attorney for Mrs. McKim and her two daughters, asked to have the proceedings dismissed, declaring that Mr. McKim had been properly declared incompetent by a court. Wallace E. J. Collins, attorney for Willett, charged that persons representing the petitioners had visited the River Crest Sanitarium and by bribes and otherwise had tried to obtain affidavits that Mr. McKim was

competent. He said the proper place for the inquiry was before the Grand Jury.

Judge Humphrey asked that Mr. McKim be placed on the stand. The old man was assisted to the witness chair, but soon demonstrated that his mind was not as feeble as his body. He told of his business as a builder and of his methods of keeping books. He also told of being a graduate of Cornell University, where he studied architecture. He said he was not an friend to terms with his wife and daughters.

The Judge, not wishing to strain the witness too much, then adjourned the proceedings until Friday of next week.
